Dear Tour Guest,

In the Holy Land the mountains, valleys, streams and cities are not just beautiful landscapes, but are the living backdrop for biblical stories. Here --- like nowhere else in the world you'll not only personally experience the lessons and deeds of the Bible but meet the people of the Bible, the Jews and Arabs. From the streets of Jerusalem to the hills of Nazareth, from the Garden of Gethsemane to the Mount of Olives, the Holy Land is alive and vibrant.

**No country in the world is so often in the news.** Hardly a day passes without Israel being in the headlines. However, there is a lot more to Israel than just politics. Israel is home to seven million Israelis --- a country that is truly Western-style in democracy and where virtually all speak English.

**As to safety in Israel ... (Ron Walls)** I have hosted over 3,000 Pentecostal pilgrims during my fifty-two pilgrimages to the Holy Land and never has one person been threatened or harmed in any way. During the past year tourism to the Holy Land has increased by thirty-one percent with over one million tour guests coming from the United States. All returned home safely.

**March 8, 2011 is to be an exciting time for you.** During this eight day Holy Land tour will visit Mt. Carmel where Elijah called fire down from heaven; stand in the coliseum in Caesarea where the Apostle Paul, while in chains, appealed to Caesar; enjoy an evening church service while cruising on the Sea of Galilee; rejoice afresh while worshipping in the Upper Room; weep salty tears while taking communion in the Garden of Gethsemane and the list goes on and on and on.

Do yourself a favor and enjoy the experience of a lifetime --- visit the Holy Land.
